Internet Bargain Center

An eBay search utility which allows users to shop for bargains in their area and gain access to unique items available for sale all across the country. Search for bargains in a zip code, near a dorm or college campus, or for heavy, bulky items that need to be picked up, search for items near an airport. Using the Intelligent Bargain Search feature, users can narrow broad search queries to find specific items closest to them. Using the advanced sorting features, users can organize their search results to precisely find the items they're looking for.
