## Aplomb Guestbook XML

A guestbook with a difference. Aplomb Guestbook XML, is a flat-file guestbook which uses a XML file to store entries. This lightweight no-thrills guestbook features features such as IP logging and HTML tag stripping. Webmasters will find Aplomb Guestbook XML easy to install, configure, and customize. Installing is simply editing one file and uploading, whilst changing the look is done in header files, footer files, and stylesheets.
