## vCampaigns - Manage your online marketing campaigns!

vCampaigns helps companies manage all of their web-based 'link' advertising campaigns by tracking click-through's, conversions, and other valuable data such as ROI (return on investment). vCampaigns provides you with an area to manage all of the campaigns as well as to see which campaigns are generating the most money or the most traffic to your website - providing you with the right information to make better decisions. Is it right for you? vCampaigns is for businesses that advertise online by purchasing links/space on other websites, while we are making progress on tracking for pay-per-click and other kinds of advertising, it currently only manages regular link/banner advertising. Some of the features include: 100% Web Based (Remotely Hosted), No installation hassles, Saves your resources, and best of all its Absolutely FREE!!! The best way to get a better understanding of what vCampaigns can do for you is to try it out. Sign up for a free account today!
