MyAlbum : Get Your Free Web Photo Album

Create a web photo album to share with your friends and family. Dubelu "MyAlbum" is free and its easy to use. On the technical end : Our "MyAlbum" service offers an absolute URL to your photo album (Dubelu.com/myalbum/username). When you create a album category you also get an absolute directory URL (Dubelu.com/myalbum/username/Ski-Trip). It is easy to create album categories and organize photos. We also offer an easy way to share your photo album with friends and family. Come check us out, we have a demonstration available and if you would like to use our service, signup is a snap.
