Thumbnail Gallery (Flash)

This is an image gallery Flash component with thumbnails, preloader, and descriptions of the images. To add files and projects, all you have to do is copy the images to the appropriate directories.

This uses PHP to automatically generate an XML file of the images found in the directories.

Resource Specifications:

Version:	
Platform(s):	linux, windows, freebsd, osx, sun
Date Added:	January 23, 2007
