SWiSH Max

With SWiSH you can create professional Flash animations in minutes without buying Flash. SWiSH is so easy to use, you'll be producing complex animations with text, images, graphics and sound in no time. SWiSH has over 150 built-in effects like Explode, Vortex, 3D Spin, Wave and many more. SWiSH has tools for creating lines, rectangles, ellipses, Bezier curves, motion paths, sprites and rollover buttons, all in an easy-to-use interface.
