## MegaPhile.com

Mega Phile Hosting of upto 1000 MB per file with unlimited number of files! Your files will reside on a powerful server that is constantly backedup and mirror. Registration is not required, but it is optional so you can keep track of your uploads easily. Simply browse for your file and upload! You will be provided a download link as well as a link to remove your file from the server. Have a file that is too large to send over email? Simply input your email as well as your recipients and upload. Your recipient, as well as yourself, will receive an email with the download links. Have a private file you do not wish for everyone to access? We have password protection services for your files allowing you to specify a password for download! Upload literally any file you can think of and share it with your friends, colleagues and co-workers.
