Aero SWF.max Flash Player

Play Flash movies - SWF, Flash Videos - FLV and Flash Projectors - EXE. Control Movie Playback. Find the exact movie you need with Thumbnails powered Media Browser. Go Full Screen with all controls still readily available at the screen edges. Create and save Flash Playlists. Enjoy Watching Flash Movies! What's more, Extract any JPEG image or MP3 audio from a Flash Movie. Batch Generate Flash Movie Thumbnails of any size for your Web Site.
